

Reporting Radiographers (Preliminary program):

March 19-20, 2024

Danish Council of Radiographers, H.C. Oerstedssvej 70, 2.tv. Frederiksberg

Audience: Reporting Radiographers.

Learning Outcome:

To update and develop the competence of Reporting Radiographers on an ongoing basis at a high level. Course certificate (15 CPD α points corresponding to the number of lessons).

Teachers The language of the course is in Danish and English:

Paul O’Riordan, Consultant MSK Radiographer, University Hospitals Leicester (POR)
Steven Burke , Consultant Radiologist, University Hospital Waterford, Ireland (SB)
Danish Radiologists and specialists.

Note: *On the course there will be workshops via a web based PACS solution: Collective Minds (nothing needs to be downloaded), and I would therefore ask you to bring a laptop to the course*

α CPD (Continuous Professional Development) is awarded in accordance with the CPD Nordic Statement which follows the EFRS guidelines.
